

## IP65 Color Neon Indoor DC 24V Flexible Waterproof Led Strip

Our Product Introduction

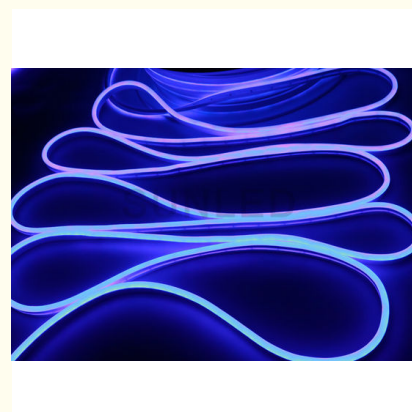

### Basic Information

- Place of Origin: GUANGDONG,CHINA
- Brand Name: SUNLED
- Certification: CE, EMC, LVD, RoHS
- Model Number: SL-NEON 01
- Minimum Order Quantity: 100Meter
- Price: USD/0.88-1.3/Meter
- Packaging Details: 35\*35\*15cm ,20m/carton , 0.5kg
- Delivery Time: 10-15days
- Payment Terms: L/C, T/T, Western Union, D/A, D/P, MoneyGram
- Supply Ability: 5000m/Meter

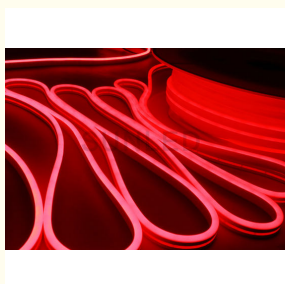

### Product Specification

- Item Type: Light Neon Strip
- LEDs: SMD2835
- Certification: CE, EMC, LVD, RoHS
- IP Rating: IP65
- Input Voltage: DC 24V
- Beam Angle: 120 Degree
- Length: 1m
- Number Of LEDs: 60 Leds / 120leds / M
- Highlight: DC24V flexible waterproof led strip,  
DC24V indoor flexible led strip,  
DC24V Light neon strip

## Product Description

### IP65 Color Neon Indoor DC 24V Flexible Waterproof Led Strip

#### Quick details of LED neon lights

1. Long service life and minimal maintenance
2. Easy to install and maintain
3. Extremely luminous
4. Available colors: red, green, blue, amber, pink, RGB color change, white.
5. 120 degree wide angle lighting
6. Shockproof/waterproof (optional), maintain stable performance in harsh environments.

#### Description of flexible LED neon lights

1. PVC extrusion molding process, high product consistency, short production cycle
2. The shell is formed at one time, and the protection level is IP65, which can be used indoors and outdoors
3. Parallel power supply through the back line to reduce voltage drop
4. LED light source, low energy consumption, long life
5. Soft and uniform luminescence, no dark areas and bright spots
6. Flexible lamp body, no restrictions on curved surfaces and corners
7. The product has passed CE, ROHS certification diameter 27mm

#### Features of LED neon lights

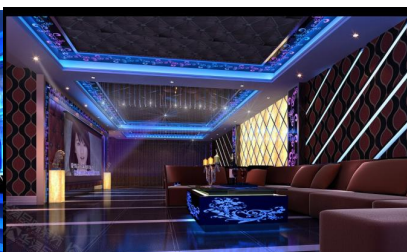

1. Ultra-bright SMD 2835 LED strip with 60 leds/120leds/m, high strength and high reliability.
2. Long service life 50,000+ hours (LED neon light).
3. Bend the flexible ribbon
4. Low power consumption

#### Specification Of LED Flexible Strip Lights

|                |                  |                        |                  |
|----------------|------------------|------------------------|------------------|
| Model No:      | SL-NEON 01       | Brand:                 | SUNLED           |
| Input Voltage: | DC 24V           | LEDs:                  | SMD2835          |
| Total Wattage: | 7.5W/m           | Color Temp:            | RGB              |
| CRI(Ra):       | Ra80             | size:                  | 33.5*33.5*14.5cm |
| Luminous flux: | 22-24LM per led  | PCB Width:             | 10 mm            |
| Package Type:  | 20M/Roll         | Operating Temperature: | -35°C ~ 50°C     |
| Beam Angle:    | 120 degree       | Waterproof type:       | IP65             |
| Warranty:      | 3 Years Warranty | Certification:         | CE, ROHS         |

#### Application of LED Neon

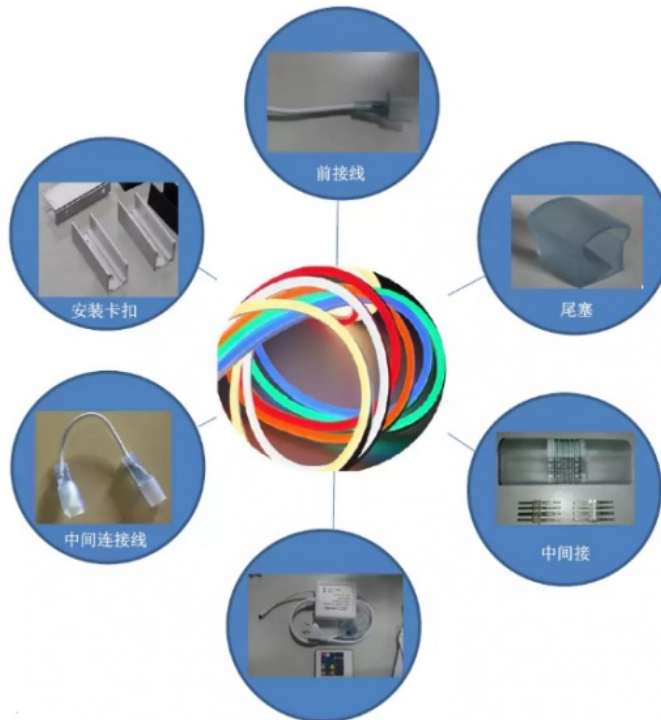

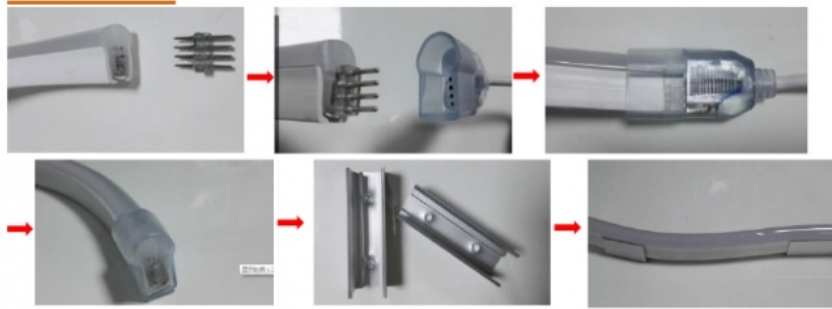

1. Used for architectural decoration lighting in homes, hotels, markets, bars, etc.
2. Auditorium sidewalk, canopy, staircase accent lighting, amusement park lighting
3. Emergency exit channel lighting for theaters, cinemas, and trains to guide people to move around safely
4. Car interior and exterior lights
5. Channel letter lighting for shops, restaurants, bars

#### Advantages of LED neon lights

1. Ultra-thin PVC, can be bent at will, can be fixed in any irregular place, rich in color.
2. It can be dimmed to meet people's requirements.
3. IP44, IP65, can be used indoors and outdoors.
4. Certification: Rosh and CE, can be exported all over the world.
5. Long service life.
6. The best choice for holiday, exhibition and exhibition decoration
7. Easy to connect and install

## installation steps

### Our Team:

1. Reply your inquiry in 24 working hours.
2. Well-trained and experienced staffs to answer your inquiries.
3. Offer customer the lowest price with high quality LED light.
4. Protection of your sales area, ideas of design and all your private information.
5. Delivery the goods to our customer all over the world with speed and precision.
6. OEM & Customized services available.
7. UL/CE/ROSH certificate, 2 years warranty, and 50000 hours lifespan.

### FAQ

Q1. Can I have a sample order for led light?

A: Yes, we welcome sample order to test and check quality. Mixed samples are acceptable.

Q2. What about the lead time?

A: Sample needs 3-5 days, mass production time needs 1-2 weeks for order quantity more than

Q3. Do you have any MOQ limit for led light order?

A: Low MOQ, 1pc for sample checking is available

Q4. How do you ship the goods and how long does it take to arrive?

A: We usually ship by DHL, UPS, FedEx or TNT. It usually takes 3-5 days to arrive. Airline and sea shipping also optional.

Q5. How to proceed an order for led light?

A: Firstly let us know your requirements or application. Secondly We quote according to your requirements or our suggestions. Thirdly customer confirms the samples and places deposit for formal order. Fourthly We arrange the production.

Q6. Is it OK to print my logo on led light product?

A: Yes. Please inform us formally before our production and confirm the design firstly based on our sample.

Q7: Do you offer guarantee for the products?

A: Yes, we offer 2-5 years warranty to our products.

Q8: How to deal with the faulty?

A: Firstly, Our products are produced in strict quality control system and the defective rate will be less than 0.2%.

Secondly, during the guarantee period, we will send new lights with new order for small quantity.

For defective batch products, we will repair them and resend them to you or we can discuss the solution including re-call according to real situation.
