Basic Information

- Place of Origin: SHENZHEN CHINA
- Brand Name: YSENLED
- Certification: CE ROHS LVD EMS
- Model Number: YS-R120X2835RAF3
- Minimum Order Quantity: 10
- Price: Negotiable
- Packaging Details: 10*1000*20
- Delivery Time: 2DAYS
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100,000 meters per week

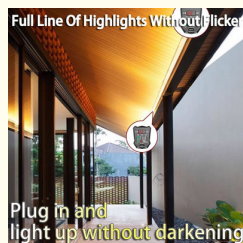

Product Specification

- Lumen: 50-55LM/CRI 85
- Beam Angle: 120°
- Cct: 2800-7500K
- Warranty: 2 Years
- Color Temperature: 3000K/4000K/6000K
- Light Color: White
- Remote Control: Yes
- Material: Aluminium
- Brightness: 1200 Lumens
- Item Type: Light Strips
- Power Supply Voltage: Supports DC12V And DC24V Versions
- Color: RGB
- Materials: High-quality Aluminum Alloy
- Cri: 80+
- Quality Certification: CE Certified

Product Description

LED flexible light strip 12v low voltage 2835 super bright patch self-adhesive light trough bare board card slot light strip counter decoration light strip is a high-performance lighting product widely used in

Our Product

home decoration, commercial decoration and display lighting. The following is a detailed introduction to the product:

1. Product overview

Voltage: 12V low voltage, safe to use, suitable for various application scenarios.

LED model: 2835, which is a high-performance LED chip with the characteristics of high brightness, low power consumption and long life.

Type: Super bright patch self-adhesive light strip, easy to install and remove, can be cut and spliced as needed.

Usage: Mainly used for counter decoration, light trough lighting, showcase lighting, home decoration, etc.

No Need To Worry About Rainy Days

**Ip65 Waterproof Level
Fully Sealed Technology**

Free Bending Without Deformation

**High Flexibility
Adapt To Various Styles**

2. Product features

High brightness: Using high-quality 2835 LED chips, it has high brightness and uniform light, which can significantly improve the lighting effect.

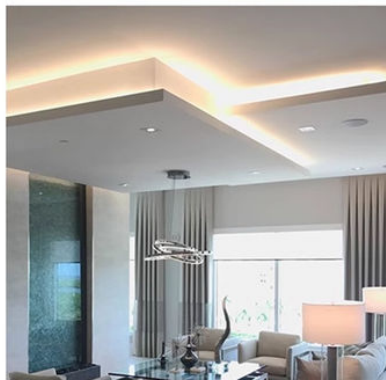

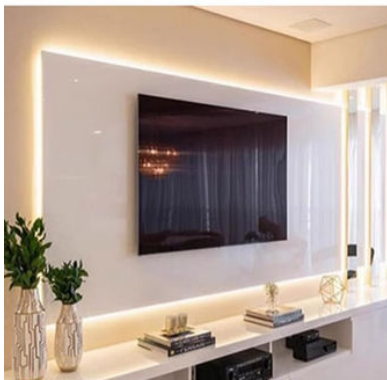

Energy saving and environmental protection: low power consumption design, in line with modern green and environmental protection concepts, long-term use can save a lot of electricity bills.

Self-adhesive design: There is self-adhesive glue on the back, which is easy to install without additional fixing tools and can be easily pasted on various flat surfaces.

Bare board card slot: Designed with a bare board card slot, it facilitates the fixation and installation of the light strip, and also increases the stability and service life of the light strip.

Multiple colors available: Provides a variety of color options, such as white light, warm light, neutral light, etc., to meet the lighting needs of different occasions.

Indoor Use Scenarios

Outdoor Use Scenarios

3. Product specifications

Number of lamp beads: The number of lamp beads varies according to different product specifications. Common ones include 60 lamps/meter, 120 lamps/meter, 180 lamps/meter, 240 lamps/meter, etc.

Light strip width: Common light strip widths are 5mm, 8mm, 10mm, etc., which can be selected according to specific needs.

Length: Can be cut according to actual needs to meet lighting needs of different lengths.

High Quality
Derived From High-end Parameters

Core Quality Starts From Details

Driver-free Low Voltage Light Strip

No Rectifier Or Transformer Required

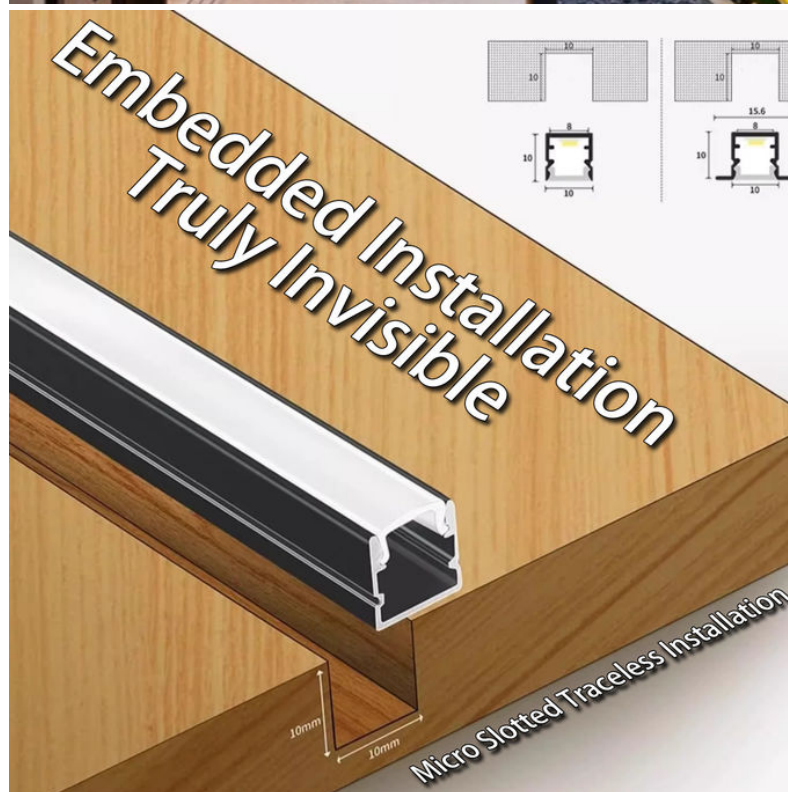

4. Application scenarios

Commercial decoration: such as decorative lighting in shopping mall counters, store display cabinets, hotel lobbies and other places.

Home decoration: ambient lighting in living rooms, bedrooms, study rooms and other spaces.

Display lighting: such as exhibit lighting in museums, art galleries, exhibition

halls and other places.

5. Things to note

During installation: Please make sure the power is turned off to avoid the risk of electric shock.

When cutting: The light strip should be cut at the cutting mark of each meter to ensure the normal use of the light strip.

When in use: Avoid exposing the light strip to high temperature or humidity for a long time to avoid affecting the service life.

In short, LED flexible light strip 12v low voltage 2835 super bright patch self-adhesive light trough bare board card trough light strip counter decoration light strip has become indispensable in modern home decoration and commercial decoration with its high brightness, energy saving and environmental protection, easy installation and other characteristics part of.
